What You Will Learn

Our Speaking Course helps you gain the confidence to speak English with ease. Through fun and interactive practice with your teacher and classmates, you'll improve both fluency and accuracy. Reading and listening tasks give you useful language skills and ideas that you'll actively use in speaking tasks, which will help you communicate clearly and confidently.

Level	Description/topics
Lower Level (A1-A2)	Using real language and authentic examples, this course helps students to speak clear English that everyone will understand. Topics: → Food and drink → Meeting new people → Agreeing and disagreeing
Mid Level (B1-B1+)	Students will become more confident and fluent English speakers by building communication tools and key phrases for conversation. Topics: → Travel → Relationships → Making suggestions
Higher Level (B2-C1)	At this level, students will learn better vocabulary and communication skills to speak English fluently. Topics: → Negotiating and persuading → Culture and identity → Giving presentations

The three levels can be taken as a comprehensive speaking programme or combined with our General English course. Discussions, role-plays, and presentations form a dynamic and communicative set of lessons that motivates students to use English both inside and outside the classroom.

Improve your speaking skills in a supportive and friendly environment at ES. Practise speaking naturally with classmates from around the world through activities reflecting real-life situations. With guidance from expert teachers, you'll get helpful feedback and encouragement to build confidence and fluency that make you an effective communicator.
